

Why you need a benefit like Activ Doctors Online

Activ Doctors Online (ACTIV) serves as your healthcare ally and advocate, empowering you with the tools to take control of your healthcare. Our web-based solutions help you and your family save time, money and lives.

1. **ACTIV is more than just medical records.**

An online Personal Health Records (PHR) is just the beginning of our value to you and your family. ACTIV's Second Medical Opinions are performed by many of the world's top specialists and our Virtual Clinic (not available in all states) allows you to visit with a physician via the web in a moment's notice. For the uninsured, our Discount Drug Program allows you to save as much as 55% on generic prescriptions.

2. **Solutions without the "red tape"**

When you need a Second Medical Opinion, there's no appointment scheduling, waiting, missed time from work or co-pays necessary, only an unbiased opinion from some of the world's top specialists in as fast as 48 hours.

3. **ACTIV puts you in control of your Personal Health Records**

A PHR is your entire medical history, not just a snapshot, and it belongs to you. When consolidated into one secure platform, it becomes a valuable tool enabling access and coordination with those you decide to share it with, such as a physician or loved one. If you leave your employer, organization or insurance company, your membership leaves with you at the same discounted rate.

4. **ACTIV provides Medical Records Assistance**

Through a HIPAA Release Form, you grant us permission to contact one physician (we suggest your primary care physician). On your behalf, we then collect and upload your records into our platform. The service also includes medical records maintenance from the same physician at the end of each quarter –up to four times per year.

5. **ACTIV protects your information**

ACTIV is HIPAA-compliant, and your information is private, secure and encrypted, following military-level security protocol.

6. **ACTIV's physician selection process ensures quality**

ACTIV specialists are Board Certified, currently licensed to practice medicine in their state, have a minimum of 5 years of experience in their specialty, are covered by ACTIV malpractice insurance and must pass state and federal background checks.

7. **ACTIV is affordable**

Our range of memberships fit most budgets, at just pennies a day, and can help save you money on healthcare costs. Family plans include free PHRs for up to three children under 18.

8. **ACTIV's membership plans are eligible on a pre-tax basis**

Our plans qualify as an eligible medical expense under 125 Cafeteria Plans, FSA, HRA and HSA Plans. Become a more empowered healthcare consumer while lowering your taxable income.
